Nature Trails

Indian Rock Cave Trail - This trail begins by taking the steps down on the left side of the Old Log Cabin, (located at Indian Hill Country Club) and returns on the right side. This path leads to Indian Rock House where De Soto visited the Indians in 1542 while seeking the Fountain of youth. The path continues along the Indian Hills Golf Course, rising and returning along beautiful bluffs. Scenery & boulders can be enjoyed by all ages. 3/4 mile; Moderate Trail

Indian Falls Trail - This trail is a beautiful trail along Trail Creek and the rim of Wild Horse Canyon. The rock formations and two waterfalls make this a serenely peaceful hike. The hiker finds a dirt road at the end of the trail and returns to a re-tracking of the original portion of the path. Take Dave Creek to the Methodist church. Turn right onto West Cliff and then, right onto West Cliff Spur. 8/10 mile; Moderate Trail
